CIAO!

Mi chiamo **ELISA BETTUZZI** e, nel caso non si fosse capito, sono una **GRAPHIC DESIGNER**.

Affascinata fin da bambina alle arti figurative, ho portato avanti la mia passione ogni giorno col desiderio di ampliare le mie conoscenze e la mia versatilità.

La creatività è ciò che mi definisce, così come una naturale capacità di adattamento. Il mio stile è in continua evoluzione e amo esplorare strade diverse, imparando sempre qualcosa di nuovo lungo il percorso.

CATALOGO

RENTAL OF TANK CONTAINERS

Tristar Engineering Consulting Logistic S.A. provides the leasing of T50 and T75 ISO tank containers worldwide. Along with the leasing of diversified equipment, Tristar offers fleet management and maintenance as well as technical and emergency support.

The equipment is approved by the main international Authorities such as Bureau Veritas, Lloyd's Register, DGT and ADR. These Authorities allow the containers to travel all over the world.

Every year Tristar increases its fleet of ISO tank container to renew it.

Tristar can also provide the service of building special containers by conceiving its equipment according to the customer's requirements and specifications.

The procedure foresees:

1. The processing of the technical specifications and of the drawings for the construction
2. The contracting to the manufacturers previously qualified by our company and by the international organizations
3. The systematic and continuous check of the operations of construction with our staff on-the-spot
4. The verification of the equipment before the delivery to the customer.

HIGH PRESSURE 34.4bar
24.000LT

Products Transported	R11, R410a, R125, R134a, etc.
Type	ISO tank 20ft
Capacity	24.000
